

2022 Fall - 2023 Fall Sponsorship Opportunity

We believe that active involvement in soccer helps our kids as they mature. We strive to help our kids build confidence and strength on the field because they are our next generation of community leaders. The Annville-Cleona Youth Soccer Club (ACYSC) is a volunteer organization funded by A-C families and local community businesses, like yours.

We are looking for local sponsors to help support our club through monetary donations. These monies are used to offset registration for players and help to cover other costs such as equipment, field maintenance, player insurance, referee fees, league fees, and uniforms.

This is your opportunity to show your support while advertising your business to hundreds of potential customers in our local communities. Your business name/logo will be proudly displayed both on and off the field. There are several sponsorship opportunities to fit your budget.

Please review the next few pages to see available sponsorship opportunities and what is included at each level. We appreciate your support in continuing to provide funding for our soccer club. We look forward to collaborating with you and your business!

Sincerely,

Doug Eby - ACYSC President

Irene Reedy - ACYSC Vice President
